& Sixth Form College

Raising aspirations, building futures

## Sixth Form Applicants

Hopefully your GCSE exam results this morning have provided you with the results required for entry onto your chosen Sixth Form courses. **This afternoon from 1pm we are doing Sixth Form Enrolment in the Sixth Form Study Room.** The purpose is to get you enrolled onto your course choices and give you your timetable for September. The enclosed, “**My A Level Choices Form**” should be filled in and brought with you this afternoon. If you have gained the necessary grades to get onto your courses you will only need a few minutes. If that is not the case, then a conversation with Sixth Form staff will be needed, to help you make some new decisions.

**For all subject entry requirements – see reverse of the “My A Level Choices” form.**

We also have a telephone support system in place for urgent queries.

The mobile number below will be available on Thursday 23rd and Friday 24th August:  
07803251654

Thereafter this email address will be available until the new academic year starts on Wednesday 5th September.

## Potential new applicants

If you are considering a new application to our Sixth Form, please go to the school website and in the Sixth Form section, under the “Join us” tab, download and complete both an Application Form and the Student Standards Document. These completed documents should then be brought along to the Study Room this afternoon, a bit later than existing applicants at 2.00 pm, to be processed.
