# REVISION TIPS 6

## On the Day:

- Get up slightly earlier than usual to allow your brain to wake up fully.
- Set off slightly earlier - arrive at the exam room about 10 minutes before (not too early - avoid the panic people)
- Check desk, chair, equipment.
- Relax. Focus on your topic. Try some brain exercises. Drink water and have the essential 'brain booster' (if permitted).

## Following Instructions:

- Listen to the invigilator. (There can be changes to instructions).
- Fill in Examination Centre details and your name.
- Read written instructions carefully, they will tell you: time; choice of questions; type of answer; number of marks.
- Read all the questions. Eliminate those you don't want to do.
- Choose very carefully because each question deserves time - you may suddenly realise you can do it after all.
- Plan as you've been practising all along.

## CAMP XTRA 2007 20th to 24th August
