13th July 2020

Dear Students/Parents/Carers,

Re: Year 11 Exam Results Arrangements

I hope you and your families are well.

I am writing to outline the procedures we will use this year in order to give students access to their exam results. Unfortunately, due to Covid 19 restrictions we will have to make a number of changes to the way in which exam results are collected and it is not possible to give exam results to students personally on site.

Collecting exam results

Student results will only be available on the 20th August using the Go 4 Schools app. The results will be available to students at 8am and will have to be accessed via student logins. Parent log ins will not work as exam regulations state that students must collect results, not parents.

If students are unable to collect or log in and parents wish to access results on students' behalf then we must receive written confirmation of this from the students via email to exams@devizes.wilts.sch.uk before the 20th August.

All students should ensure they have the app and have accessed it before tomorrow. With this communication attached is a user guide to installing and accessing the app. This is simple to follow and will help any students who have not recently logged into Go 4 Schools. Please refer to this guide in the first instance and should you have any technical issues with this please contact ITsupport@devizes.wilts.sch.uk Results will go live at 8am but immediately prior to this the site will not be accessible due to them being uploaded earlier in the morning to G4S. Please remember that students must use their school email address to login. An official statement of your results will be available for you to download which can be used for enrolment as evidence for college or Sixth Form if required.

Queries with Results

It is important that when you have received your results if you have any queries you contact the Post 16 organisation that you plan on starting with in September:

For Devizes Sixth Form applications

On Y11 Results Day:

Students should complete the electronic enrolment forms on the new 6th form platform as soon as possible. It can be found at <https://intranet.devizes.wilts.sch.uk/bridgingwork/>. Please complete electronic enrolment form 1,2,3 or 4 depending on your circumstances.

Options for electronic forms will be:

Form 1: For students who have met entry criteria for their chosen courses and don't want to change their subjects.

Form 2: For students who have not met some or all of the entry requirements to their preferred subject choices.

Form 3: For students who have already applied to Devizes 6th Form but want to change their subject choices

Form 4. For students who want to apply to Devizes Sixth Form but have not already done so.

For other post 16 Destinations

Local colleges have advised us, that students will most likely need to enrol on their new courses electronically this year. If you have already been offered a place they should be contacting you directly by email in the coming weeks to provide clear instructions on what to do. Make sure you have read carefully how to download your GCSE results document as you will probably have to upload this as part of your registration and enrolment to college as evidence of your grades achieved. If you have any further queries then you should contact the college via their respective websites where enrolment details will be posted nearer to results day.
